Organisation

Organisation

All courses are taught in English. The Master Programme encourages public speaking, group discussions, and active class participation. To succeed, students must possess a highly developed proficiency in written and oral English.
The teaching staff consists of lecturers, business professionals and visiting faculty members from America and other parts of Europe with international experience. Our international partnerships around the world are very active allowing our students to study or work abroad.
A dynamic and innovative education including lectures, case studies, project management, business situations will develop concrete skills needed in international management.
The group is composed of final year students and executives from French, European and international companies – all of whom are from different backgrounds and nationalities.
A central feature of this Master's programme is the exploitation of activity-based learning methods and the use of experimental knowledge to produce solid pedagogical solutions.
Whether you are seeking to launch or to reorient your career, or start a business, students can take advantage of a flexible schedule that can accommodate the demands of the job market, allowing students to alternate 2 weeks of work in a company with a week of study at the IAE business school.
